Most banks give loans to people who don't need them.

At South Shore, we figure that if you've got a home and you want to increase the value of that home with a bit of improvement, you're probably just the kind of customer we like having.

So, we're fast. In many cases, we can have your check for you within 24 hours. Our rates are good. And while you're here, ask how you can save a full percentage point off any loan over \$1500.

That's a good deal for you and a good deal for us. Because even when you no longer need a loan, you'll still need a bank. And it's a pretty sure bet that the bank you stay with will be us.
